

梅陳玉蟬 (Ada Chan Yuk-Sim Mui)

B.Soc.Sc., Chinese University of Hong Kong; M.R.E., Concordia Theological Seminary, HK; M.S.W., Ph.D., Washington (St. Louis)

Bio Dr. Mui has extensive social work practice experience with older adults in Hong Kong and in the United States. Her gerontological research and publications have been on self-care, family caregiving, medical care, community-based long-term care, nursing home care, psychological well-being, depression, acculturation, and immigration experiences among well and frail older people from different racial and ethnic backgrounds. In the United States, Dr Mui has been recognized as one of the leading social gerontologists in cross-cultural research. She is a fellow of the Gerontological Society of America and has been the recipient of many significant awards and scholarships (e.g., the Fulbright Scholarship Award, the Fulbright Senior Specialist Award, and the Busse Research Award from the Pan America Congress on Gerontology). Internationally, Dr. Mui has extensive involvement in the field of gerontology in China and in Hong Kong. Currently, she is a Fellow and an Honorary Associate Director of Sau Po Center on Ageing at the University of Hong Kong. She is also an Honorary Professor of Social Work in Chongqing Normal University, China.

- Research Interests**
- Social gerontology
 - Narrative and environmental gerontology
 - Ethnicity and long-term care service utilization
 - Health and mental health among frail ethnic elders
 - Acculturation and quality of life issues among immigrant elders
 - Language barriers and cultural adaptation among Asian elders
 - Psychometric assessment of geriatric instruments

- Current Grants & Projects**
- Quality of life study among Asian immigrant elderly populations
 - E-Technology for dementia caregivers in Chinese families
 - Elder friendly community assessment
 - Cross-cultural validation of depression screening instruments
 - English language proficiency and quality of life among Asian elders
 - Health, mental health, informal support, formal service utilization, and psychological well-being among frail elders from diverse backgrounds.
